Antioch, a team composed of all-stars that won the Libertyville district and sectional titles, finished the tournament with a record of 10 wins and one loss.

Antioch was unbeaten in the state tournament, winning its only other game 9-8 over Jackie Robinson West, a team which battled back from the losers bracket.

Frank Mahar led Antioch in the championship game, picking up a complete win with a five-hitter and driving in four runs with two singles. Mark Kasik had a run-batted-in single in the first inning to cap a three-run rally.

Antioch extended its lead to 6-1 in the fourth on a run-scoring single by Dan Berkiel and then added its seventh run in the sixth on a hit by John Humphreys. Jackie Robinson West scored one in the bottom of the sixth and then tallied four in the seventh.

Mahar struck out 12 and walked 12 to get the win. Craig Prather scored three runs for Antioch and reached base four times.

Bolingbrook placed third in the tournament. Antioch hits were J. Mahar, Berkiel, Kasik, 1 Base Single and Prather and F. Mahar 2 Singles.

Recapping Antioch's progress through the tournament, Antioch drew a bye in the first game of the districts and then met Libertyville in the winners bracket after Libertyville defeated Great Lakes. Antioch won 13-2 spirited on by Frank Mahar's hitting streak of a single, double and home run. John Humphreys was the winning pitcher giving up two runs on six hits and four walks. Antioch played errorless ball.

Antioch hits were Lehn, Kasik, single; Prather single, double; Silianoff, double; F. Mahar, single, double, home run and J. Mahar, home run.

In the second game of the double elimination district tournament Antioch again met Libertyville, who was the winner of the previous day's game. ### They're Biting

A surprising amount of northerners were caught this week on east Loon Lake, with Lake Catherine and Channel Lake also reporting some northerners, said Ed Sorenson of Sorenson's Bait Shop in Antioch.

He reminds fishermen that 24 inches is the limit for northerners and that roaches are the best bait to catch them with.

Again this week catfish are biting on most all lakes, Sorenson said. Catfish like to remain close to shore and prefer sandy beaches, he added.

Stripers also like sandy shores and many are being caught in Bluff Lake and Lake Marie.

Sorenson said that serious fishermen use a boat to get out to deeper water.

# Barr, Maginot complete courses

William Barr and Paul Maginot of the Barr Funeral Home recently received certificates as enucleation technicians from the University of Illinois Medical School.

Barr and Maginot are now qualified to enucleate, or remove, eyes from deceased persons who have signed eye donor pledges during their lifetime.

Eyes that are enucleated are used for corneal transplants to help other people see, or are used for medical research. Eyes have to be removed very soon after death to preserve the tissue. After eyes are removed, they are transported to eye banks for use.

The course, given by the university's Dept. of Ophthalmology in Chicago, was sponsored by the Lions of Illinois Foundation in cooperation with the Illinois Eye Bank, operated by the Illinois Society for the Prevention of Blindness.

The course was taken by 29 people throughout the state. The cost was underwritten by local Lions Clubs.

The course Chairman was Dr. Maurice Rabb, Medical Director and Associate Professor of Ophthalmology, Abraham Lincoln School of Medicine, University of Illinois College of Medicine.

The Lions have been involved in helping the blind and in support for eye research for many years. Part of this involvement is the Lions of Illinois Eye Donor Registry, supported by funds generated by Candy Day, the statewide fund raiser scheduled this year for Friday, Oct. 12.

Under the Registry, Lions obtain pledge cards from people who want to donate their eyes for transplants or research upon their death. The Lions also are involved in transporting the needed eye tissue to eye banks as the tissue becomes available.

In some areas of the state,

qualified enucleation technicians are in short supply. The enucleation course will alleviate this situation.

# Cancer society to hold Tag Day Aug. 23, 24

The American Cancer Society requested permission from the village of Antioch for a Tag Day in August this year for the benefit of the Lake County Unit of the Society.

Instead, they got a day already tagged to a night before and a night after.

So, during Antioch's "Moonlight Madness" from 7:30 p.m. Thursday, August 23 to 7:30 p.m. Friday, August 24 there will be 48 Antioch residents tagging for the benefit of the Lake County Unit of the American Cancer Society while they enjoy the activities planned for the annual event of the Antioch Chamber of Commerce.

Mary Hallett, Chairman of the Cancer Tag Day in Antioch, had assistance from LuGene Nisson, co-chairman, in scheduling volunteers at eight business locations during the 24 hours of the event.

## FFF'ers to move Aug. 17

Friday, August 17, is the last day the seniors from the Antioch Fun, Food, and Friendship Center will meet at the Antioch Upper Grade School, 800 Highview.

The seniors are invited to a "moving party" August 17. Barbecue chicken will be served at the noon meal.

Several men will be needed at 9:30 a.m. to help load and unload the tables and chairs on the village truck. After lunch members will be asked to help pack and transport supplies to the Scout House. When the move is completed, free cake, punch and ice cream will be served to the helpers at the Scout House. The Antioch Fun, Food, and Friendship Center, sponsored by Catholic Charities, welcomes all seniors over sixty, with spouse of any age, regardless of religion, race, residence or income level. Participants assist with a nutrition program, as well as in the planning and operation of their center and programs.

Beginning Monday, August 20, the Center will meet at the Scout House, 741 Main St. Monday, Wednesday, and Friday, from 9 a.m. until 2:30 p.m. Meals are served at noon. The telephone number is 395-2191.

For transportation, please call 395-5162, 24 hours in advance.

## Baurer re-elected to academy

Dr. Martin E. Baurer had completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for members to complete a minimum of 150 hours of accredited continuing medical study every three years.

"Antioch Tag Days are, traditionally, an important part of the effort our volunteers make, to be certain the unit meets its budget," Mrs. Hallett said.

"The Lake County Unit

fiscal year ends August 31st and the unit goal of \$277,800 is not yet in hand. More, not less money is needed for researching the cause, control and treatment of cancer," she emphasized.

"Our volunteers know the value in time spent tagging for the American Cancer Society. Current statistics tell us one of every four people in the throng downtown will someday have can-

cer and probably will need the free services provided by the American Cancer Society through the Lake County Unit Office."

"So you see, those dollars collected during the

moonlight can provide sunshine for a friend tomorrow, and that's why," she explained, "we all are very happy to work hard during those extra hours given to us by the village."

## Letter to the Editor

### VETERANS SEEK MEMBERS

Editor:

Our government is finally starting to give the Vietnam veterans their rights that they had coming to them. It took a lot of fight to get these bills through, and they can thank the veterans of foreign wars for that. You can bet they will keep right on fighting for all veterans.

Last year the Carter administration took 3,200 beds away from us and then did not build any new hospitals. Right now we need more beds for veterans of World War II in the 50 to 60 year bracket.

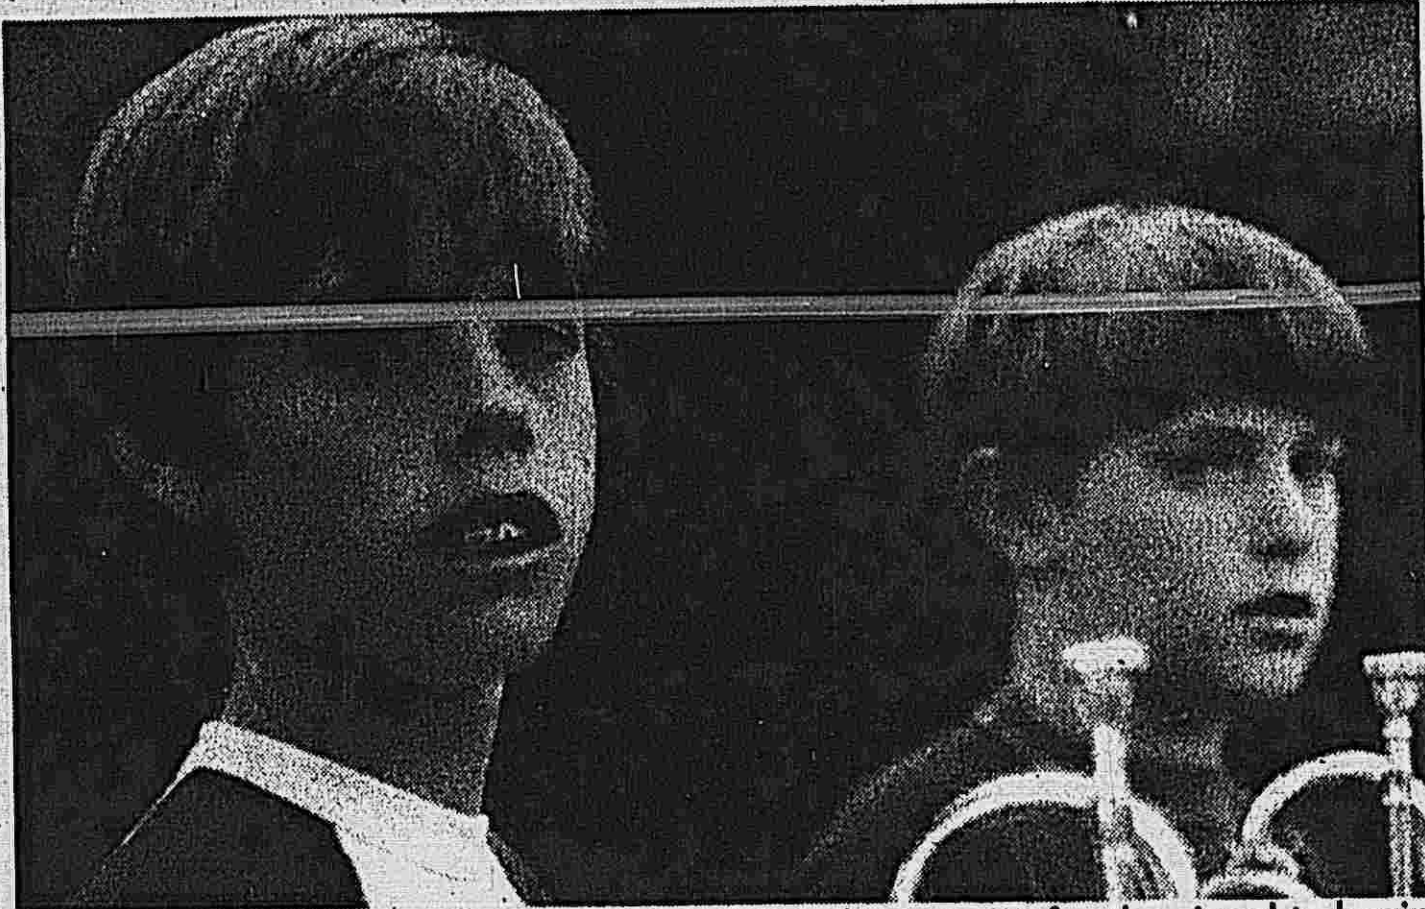

The only way we are going to beat President Carter's administration is by membership. Join the VFW, American Legion or Amvets. Right now we can only show them 5,000,000 in all organizations. If we could double that politicians would look at a lot of votes that could go against them if we don't get the things we want.

It costs \$13 to join the VFW. I don't know what it costs to join the other organizations. If you are interested in joining our VFW post please contact Commander James Egem at 395-5512, Fred Teckert at 395-2052, Louis Piller at 395-0164 or Steve Strauskus at 414-862-2913. We will be glad to come out and make sure you are eligible to join the VFW.

To the veteran who is in need of getting into a V.A. hospital, please call me and we will do our darndest to get you in.

Just keep this in mind. With membership, you can do a lot.

## OFFICER OF THE WEEK

## 'Crossing garden' loved by children

"Hi, crossing garden," a child shouts from across Main St. as Elaine Weber, crossing guard and meter maid, checks meters.

Mrs. Weber, who also directs traffic, has been in a civilian employe with the Antioch Police Dept. for one year.

Meeting people and talking to them are what she enjoys most about her work.

Children she met as a crossing guard during the school year walk with her as she walks down village streets.

WHEN SCHOOL ENDED in June, children

brought her flowers or treats and one made her a little card.

One day as she was helping children cross the street, a little girl gave her a chocolate brownie. "There was frosting all over my hand," she laughed.

Mrs. Weber enjoys working outside. She gets a lot of exercise, and describes herself as "not a sitting kind of person."

Formerly a Welcome Wagon Hostess, Mrs. Weber worked at Sears in Antioch for five years, as well as at the Antioch Township

Library.

SHE ALSO TAUGHT preschool for the Antioch Parks Program.

Mrs. Weber finds that there are "more nice people, not so many cranky ones" as she makes her rounds.

In the rain she wears a bright orange rain coat that goes down to her feet. "I know it's funny for people to see me out at the school crossing dressed like that."

One day when she was directing traffic in her police uniform, she was almost struck by a vehicle.

"I thought you were a pedestrian," the man inside said.

"DO YOU HIT pedestrians?" she countered.

Reading "everything" and working on a miniature doll house occupy her spare time. She also periodically takes a class at the College of Lake County.

Mrs. Weber, her husband Tom and two teenage daughters have lived in Antioch for 10 years.

"I like living in a small town," she reflected. "You get to know people better."

## Senior League Winners

(Continued from Page 1)

second game Antioch faced Norridge, who had advanced by beating Main North. Antioch shut-out Norridge 7-0, behind the pitching of Craig Prather for 2 innings and John Humphreys for 5 innings.

Antioch hits were Berkiel, Lehn, Silianoff, single; J. Mahar, two singles; Prather, home run and Kasik, home run.

In the second game of the sectionals Antioch faced the Mt. Carmel team, which placed second in the state last year in the Little League playoffs. Backed by outstanding defensive play, Frank mahar pitched a no-run, no-hit game striking out 14 Mt. Carmel batters.

Antioch tallied 15 runs including home runs by Prather, with one on, and John Mahar with two on. Andy Lehn thought he had a home run as the ball cleared the center field fence only to find that the third base umpire had called time out prior to the pitch.

Antioch hits were Lehn, Berkiel, Humphreys single; Kasik, two singles; Silianoff, F. Mahar double and J. Mahar, Prather, single, home run.

The third game of the sectionals found Antioch not able to keep the play together, as the team again faced Norridge. Norridge combined a series of hits, walks and Antioch errors to hand Antioch its only loss of the tournament defeating them 8-3.

The loss was charged to J. Mahar who went four one-third innings. J. Silianoff relieved Mahar for the remaining two and two-thirds innings. The defensive highlight of the game was turned in by right fielder Ed Poulos, who had two outstanding catches.

Antioch hits were Silianoff, J. Mahar, F. Mahar, Berkiel, Breston, singles, Prather, double and Lehn two singles, home run.

In the fourth and final game of the sectionals, Antioch again met Norridge in a winner take all game as each team had one loss to their record.

Norridge scored one run in the first half of the first inning on one-hit coupled with two errors. It appeared that this game might be a repeat of the preceeding game, but Antioch toughened and in the bottom of the second in-

ning exploded ahead on a grand-slam home run hit by Andy Lehn.

Two more runs were scored in the second to put Antioch ahead 6-1. Lehn smacked his second home run of the game in the bottom of the fourth with one man on which boosted the score 8-1.

Antioch's tough defense held and Norridge was not able to score again. John Humphreys went the distance, giving up only three hits and four walks for Antioch to emerge as sectional champions and advance to the state finals held in Stoney Island, Chicago. Antioch Hits were Lehn, single, home run; Prather, F. Mahar, Kasik single and J. Mahar, Silianoff, double.

Antioch made the long trip to south Chicago to meet Jackie Robinson West, the winner of the preceeding days game over Bolingbrook, for the second game of the State Finals.

As happened in the districts and sectionals, Antioch again drew a bye in the first game. In what was to become a real slugfest by both teams, Antioch won by the score of 9-8.

Antioch rallied for three runs in the top of the seventh inning to edge Jackie Robinson West. J. Mahar ignited Antioch's game, winning a rally by starting the seventh with a home run. F. Mahar then reached base on an error and Tim Breston followed with a single. Mark Kasik's double scored both runners. John Humphreys was the winning pitcher. He surrendered eight hits, struck out three and walked four en route to a complete game victory.

Antioch hits were Silianoff, Lehn, Prather, Breston, Humphreys, singles; Kasik, F. Mahar, Berkiel, 2 singles and J. Mahar single, home run.

Members of the state championship team were Frank Mahar, pitcher, short stop; John Mahar, center field; John Humphreys, pitcher, 2nd base; Andy Lehn, catcher; Craig Prather, 3rd base; John Silianoff, short stop; Dan Berkiel, left field; Mark Kasik, 1st base; Tim Breston, rt. field; Ed Poulos, Dale Kellor, Joel Bissing, Barry Proctor, Phil Raven, fielders; Manager Russ Lehn, coaches Jack Humphreys, Tom Poulos.

AWAITING LINEUP—Waiting for the Antioch Roadrace to begin is Darryl Sankey, who signed up for the 10,000 meter race. Darryl has been practicing every other week for the event.

Antioch so they talked to Glenda Tomaschtk, he added "She arranged for them to have a huge sign to take.

John Burnett said, "Glenda's sign was excellent. We were all grateful to have it. One of the kids even liked it so much, he asked permission to take it home."

"The Jaycees were glad to be able to hold this event, remembering that it was really Antioch acting through them that gave these kids such a fine day," he added. For more information about the Jaycees, call Ray Utterback at 395-2700.

## Homebuilders prepare for era of growth

Sighting an era of residential expansion here, the Home Builders Assn. of Lake County has launched a major drive to attain full membership strength, Robert Seekatz, president, announced.

Seekatz pointed to community advantages to be gained. The aim, he said, is to see that, through cooperation, all needed homes and facilities are provided.

He estimated that each new home built provides about two man-years of employment, and an average of \$2,000 additional in immediate business for service industries.

"This association seeks the support of every builder, subcontractor and supplier who can qualify for membership", Seekatz said.

The association, which has been in existence for over twenty years, now has 57 members. Members account for over 50 per cent of new homes in Lake County. The HBA is one of over 650 local

and state associations which form the National Assn. of Home Builders.

Chairman of the membership effort is Joseph Wisheart. Spike Club members, a special membership recruiting group within the association, are taking part in the campaign, Seekatz said.

"A preliminary survey

shows it is reasonable to expect that as many as 25 members can be added in our present effort", he said.

Anyone involved in residential construction interested in membership in the HBA can obtain further information by calling Bob MacGruder or Mary Wentz at 336-1999 or Bob Seekatz at 223-8606.

## Subdivision ordinance, zoning code comply

An ordinance was passed with a close vote by the Antioch Village Board to make subdivision lot and frontage dimensions conform with the village zoning code.

Approving the ordinance were trustees Ron Cunningham, Edgar Simonsen and Vern (Barney) Barnstable. Voting against it were Donald Amundsen and Bill Seeman.

Changes in the ordinance were proposed in early June when a representative from the CABL properties, a proposed 171 acre subdivision north of the Upper Grade School, requested the board's assistance because of financial problems caused by a larger frontage size required for subdivisions.

**THE VILLAGE BOARD** also gave Dick Witt permission to put up a sign for his business at 894 Hillside contrary to the village sign ordinance.

Witt requested permission for an all wood freestanding sign because the business is located in a residential area.

## Canteen to return this year

Antioch Upper Grade School's Teen Canteen will return for its sixth season August 31.

"This year's Teen Canteen promises to be a fun year with a wide range of activities," a spokesman said.

The Friday evening social club will meet from 7-10 p.m. at Antioch Upper Grade School during the school year.

Cost is \$2 for each night or \$15 for the semester. "Membership fees for this year's Teen Canteen will remain the same as last year's fees, the spokesman said.

Students in sixth through eighth grades in the school district are invited to attend.

Advance memberships can be purchased during Antioch Upper Grade School registration August 21 and 22.

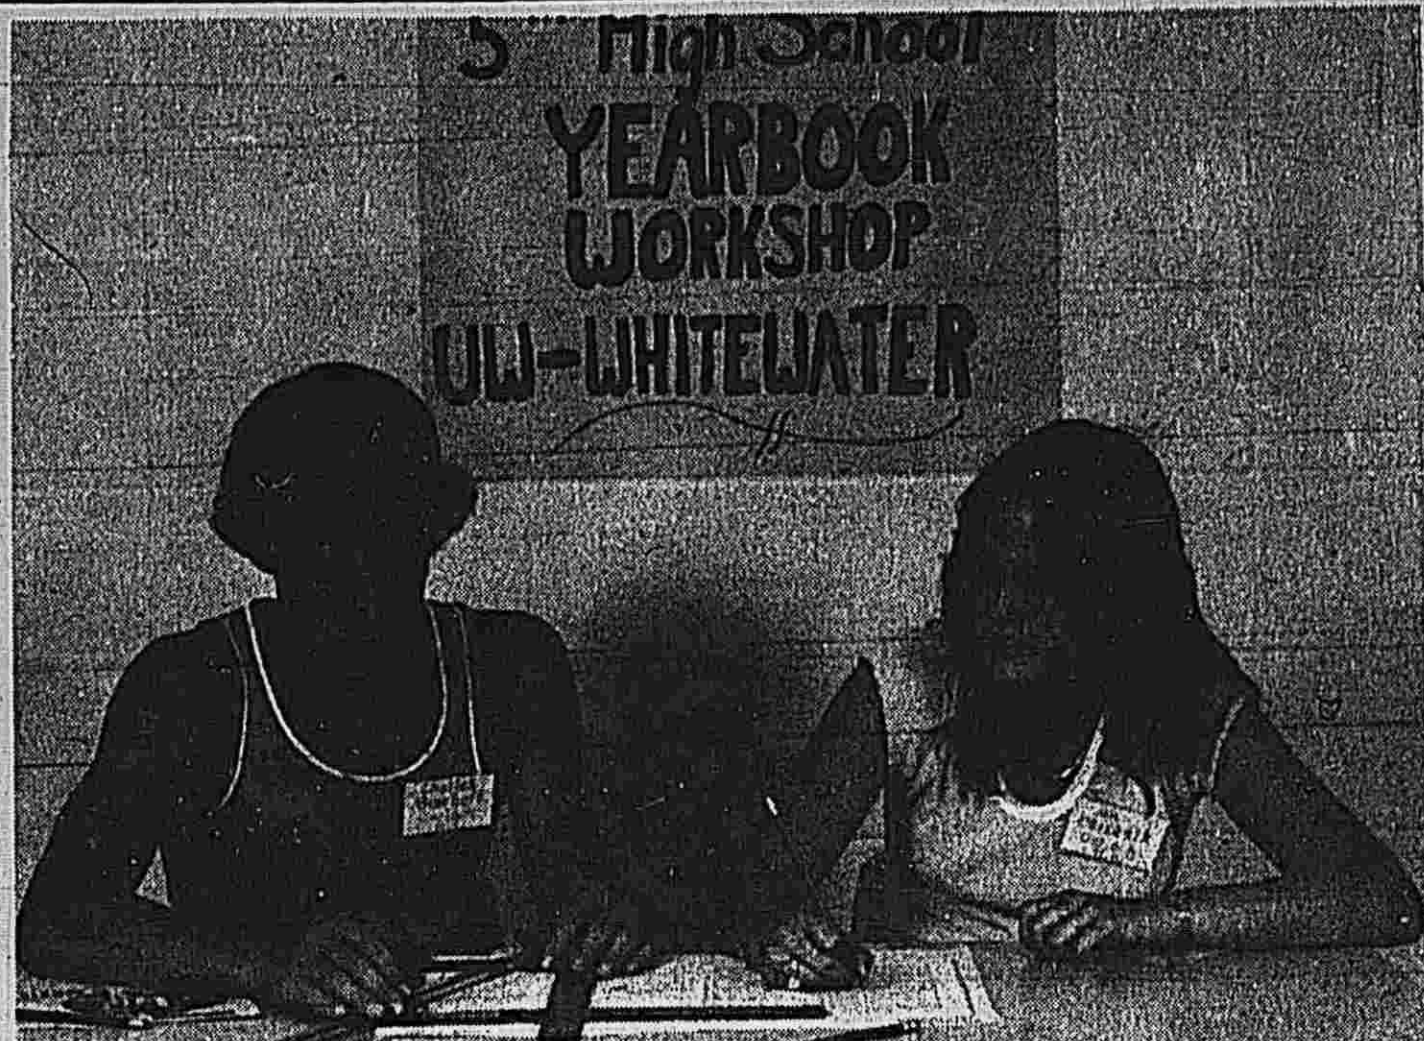

with ordinance standards were erected, he added.

"WE JUST FEEL that the neighborhood shouldn't have a plastic sign sitting on the house (where the business is located.) We're looking at it as if we live next door."

"Well, it doesn't conform," said Seeman, who voted against granting the permission.

"If you lived there, what would you rather look at," Witt asked.

When there are several businesses in the area, it would be unattractive as a whole to have signs not conforming to the code, although they are "individually attractive," said Amundsen, who was also opposed.

**YEARBOOK LEADERS** — Charlie Bischoff and Jan Okrzesik of Antioch High School were among 90 students from northern Illinois and Wisconsin who attended Fifth High School Yearbook Workshop at University of Wisconsin-Whitewater July 22-27. Bischoff was honored at workshop when selected as first alternate to Ralph Nader panel at fall conference Oct. 11.

# Illinois Bell tells how to save gas and money

Ease up on the accelerator and save more than \$56 a year. Reduce unnecessary idling and save an additional \$53.

That's the advice from Illinois Bell, which operates the largest private fleet of motor vehicles in the state. The company needs nearly 8,000 cars and trucks to install and maintain telephone service in Illinois.

RON ALDRIDGE, division manager of automotive operations for Illinois Bell, said the Bell System has achieved a five per cent reduction in motor fuel use through an intensified program of vehicle maintenance and control.

He said Illinois Bell, which uses nearly seven million gallons of vehicle fuel annually, combines a system of

computerized vehicle maintenance with employee sessions of driver education designed to reduce fuel consumption.

Operators of motor equipment throughout the Bell System, including Illinois Bell, are currently engaged in an advanced driving refresher course, called "The Driving Difference."

The Bell System, with

180,000 vehicles, is the world's largest private motor fleet owner.

Motorists who do most of their driving under normal conditions can match or surpass the five per cent savings figure, Aldridge said. A combination of timely maintenance, the proper grade oil and good driving habits can produce significant savings in fuel,

he said.

HE OFFERED a list of driving tips and estimated annual savings in fuel and dollars. The figures are based on use of an average-size family sedan with power options, automatic transmission and air conditioning.

Avoiding sudden and rapid acceleration can save 60 gallons of gas, or \$56.40 at 94 cents per gallon.

Eliminating unnecessary idling can save 56 gallons, or \$52.64.

Braking as little as possible and doing it gradually can save 60 gallons, or \$56.40.

Driving 50 miles per hour instead of 60 can save 72 gallons, or \$67.68.

Don't overload the vehicle. Avoiding a 500-pound overload on a regular basis can save 70 gallons, or \$65.80.

Eliminate the habit of topping off the gas tank. Some of it will spill. Avoiding spills can add up to savings of five gallons, or \$4.70.

Keeping tires properly inflated can save 60 gallons, or \$56.40. These figures are based on test driving with properly inflated tires versus five pounds underinflated.

Keeping use of the car air conditioning to a minimum can save 66 gallons, or \$62.04.

FOLLOWING THESE hints can save you 449 gallons of fuel annually or \$422.06.

Aldridge has two more tips: Keep the engine well-

tuned and use a fuel-efficient motor oil. Although he has no gas or dollar figures, Aldridge said these two measures are essential to efficient automotive performance.

Aldridge said these are conservative figures based on authoritative sources, such as the U.S. Dept. of Energy, U.S. Dept. of Transportation, the U.S. Environmental Protection Agency and American car manufacturers.

The above calculations were made by Illinois Bell's parent company, the American Telephone and Telegraph Co. They are based on a 1979 intermediate-size car equipped with a 305 cubic inch V-8 engine, automatic transmission, power steering, power brakes and air conditioning.

Aldridge said Illinois Bell is continually testing various fuels, lubricants, and vehicle maintenance procedures in a concentrated effort to become even more energy efficient.

Build beautiful, permanent patios

When you build outdoors, use Outdoor™ brand wood. It needn't be stained or painted. It isn't bothered by termites. Won't rot. And stays beautiful for keeps.

This deck was built with Wolmanized® lumber... Outdoor wood. It's ordinary wood—pressure-treated with Wolman® preservative chemicals to keep it handsome, sturdy, and worry-free for dozens of years.

Considering how long Outdoor wood lasts, it's relatively inexpensive. Use Outdoor wood for your next project. You can be sure it will have the appearance and shape-holding qualities you expect because Outdoor wood is a high grade of material.

## Increase planned for VA pension payments

The first cost-of-living increase in Social Security payments since passage of last year's Veterans Administration pension reform bill will affect more than 2.5 million VA pensioners in a variety of ways.

VA officials said the increase will bring a 9.9 percent boost in monthly payments for approximately 100,000 veterans and their beneficiaries enrolled under the new pension plan. For those who chose to remain under the old pension plan there is an upward adjustment in the income limitation ceiling.

CONGRESS LAST year linked VA pensions to Social Security cost-of-living hikes when it enacted a new VA pension program that gave pension recipients a choice of converting or remaining under the existing plan.

VA officials say almost 400,000 applications have been received for conversion to the new pension program and that another 200,000 are expected before the end of 1979.

While the new program offers higher pension rates than the old one, all income of a veteran and his dependents is counted in calculating his pension.

Under the old plan, pension rates are lower but certain income is excluded.

The 9.9 per cent increase for new program pension recipients means that a single veteran with no income will receive \$3,902 a year, up from the current \$3,550.

A veteran with one dependent and no other income

will receive \$5,112, an increase from \$4,651 at present. For each additional child the rate is \$660 a year.

A surviving spouse with no dependent children or income will receive \$2,615, up from the current \$2,379.

A surviving spouse with one dependent child now receives up to \$3,116 and will get \$3,425 under the increased rates.

When the surviving spouse of a veteran is not eligible for VA pension, or if the child is

an orphan, the child's rate is \$660 a year.

VA officials renewed their suggestion that veterans or their beneficiaries wishing full information on the pension choices open to them, contact the nearest VA office or consult a service officer of one of the national veterans organizations in their home community.

The increase in pension benefits is effective the first of June. It will be reflected in the July pension checks.

## Golf pro is state champ

The golf pro at Harbor Ridge Country Club won the Illinois Open Championship and was second in the Illinois PGA Championship.

Jim Urban, 32, played the Illinois Open at Fox Bend in Oswego.

During his year on the PGA tour, Urban "really learned a lot about the golf game and golf swing," he said. "I've played better ever since."

During the entire Illinois Open tournament Urban played well, winning by one shot.

The course was hot and humid, which was a problem for some players. "I would rather have it hot than cold," he said, he said of the play on one of the hottest days of the year.

When the tourney started, Urban was two shots back. In the ninth hole he adjusted his grip and "really started playing well," he said.

The PGA Match Play in September at Skokie Country Club will be his next tournament, which will be the deciding event for player of the year in the PGA.

SUPER CRAPPIES — Two young Antioch anglers captured fishing gear prizes in second week competition in annual Chain O' Lakes Fishing Derby. Andrea Anderson, 25004 W. ## INSURANCE INFORMATION

We are going to purchase a home for the first time. Would it be better to buy insurance for protection against fire and another policy against burglary and theft or is there a policy which would take care of both?

A package policy called a Homeowners Policy could include protection against these and many other perils. The number of types of perils you are protected against depends on whether you purchase a Basic Form Homeowners Policy (covering 11 perils), a Broad Form Homeowners Policy (covering 18 perils) or a Comprehensive Form Policy insuring you for most perils except those listed on your policy such as earthquake, nuclear attack, etc. The advantage of a Homeowners Policy is having one policy, one premium less to keep up with. Your property is insured against a wide range of perils and the cost is generally less than if you purchased these coverages separately.
